Experience

- Since 2009
7 years
- IdFly Digital Lab, Co-founder and CTO.* I hired and coached a team (15 people), setup agile processes (code review, pair programming, testing, continuous delivery) and Scrum, created an architecture for web applications, coding standards, and team communication principles.
- 2013
6 months
- Pricelessly, Co-founder and CTO.* I created the web application in order to run campaigns that connects celebrities, fans and charities.
- 2008 - 2009
1.5 years
- Web Based, Senior Web Developer.* I worked on marketing and e-commerce solutions for different clients in large studio.
- 2007 - 2008
1 year
- CMIR, Web Developer.* I created wedding ecommerce website in order to rise company sales.
- 2006
6 months
- Nettlecom, Junior Web Developer.* I worked on large real estate web application and created email, localization, and other modules.

Education

Novosibirsk State Technical University (NSTU), *Bachelor of Engineering (B.Eng.)*

I studied 5 years in one of the best Siberian Universities learning mathematics, algorithms, programming, statistics, and management. There was a lot of science work and two internships. I combined study and the job, working on evenings and weekends.

Projects

- 48 plugins for Sublime Text, <https://github.com/shagabutdinov/sublime-enhanced>
- Startup that helps celebrities to support charities, <http://priceless.ly>
